ABOUT THE OWNER

Tina Reeder is my handler. She is a State Certified Teacher, a Colson Fellow, a Licensed Chaplain with the Evangelical Church Alliance, a Fire Chaplain and a Certified End of Life Doula.

ABOUT ME

I was born and bred with a passion to serve as a Crisis Response Dog. I thoroughly enjoy interacting with people wherever I go, whether it's hospitals, schools, fire stations, or events. During my early years, I served as a campus dog at a private Christian school, accompanying my owner who is a teacher, and this experience shaped the first three years of my life. I've had the honor of being deployed alongside The Salvation Army to multiple Hurricanes (Ian 2022, Helene and Milton 2024). Together, we offer warm hugs, a compassionate ear, and the invaluable ministry of presence to those who are experiencing hardship. Maintaining excellent health is a priority for me, and I eagerly attend annual veterinary visits to stay up-to-date on vaccinations. I am also dedicated to consistent obedience, socialization, and desensitization training, which enhance my ability to provide assistance to those in need.

WHAT I DO
