

Impact Report

On the Road with Dunkin

Visiting and supporting family often this month has also given us time to camp and get acclimated to the camper van. We are learning a lot and feel God preparing us for greater ministry.

Doors God is Opening

Where ever we go, we meet new friends and have opportunity to pray with people and listen to their stories. We met this veteran in Home Depot on our way to Florida. He told us that seeing us was the "best part of his day".

Serving in Our Community

We continue to serve at The Riley Center in Huntsville part-time. We love to support kids on the Autism Spectrum at the center but also on field trips! This day we went to Walmart where they practiced how to shop with a list and pay at the checkout. Dunkin provides that calm presence that helps them stay focused and be successful.

Happy 5th Birthday Dunkin!

Ways to Support

We continue to ask for your prayers for wisdom, provision and protection! Recently, we took a trip to Florida to help care for my mom and brother as they both endured physical challenges and were hospitalized. Thank you for your love and support. God is faithful.
