

Impact Report

On the Road with Dunkin

Every outing is an opportunity to learn, serve, and connect. We loved volunteering alongside individuals with autism as they helped organize donations at a local thrift store.

Doors God is Opening

Our Comfort Pups were packed and ready to serve, but God surprised us with a different blessing—the arrival of baby Claire Joy. This is my second granddaughter and Autumn is excited to be a big sister!

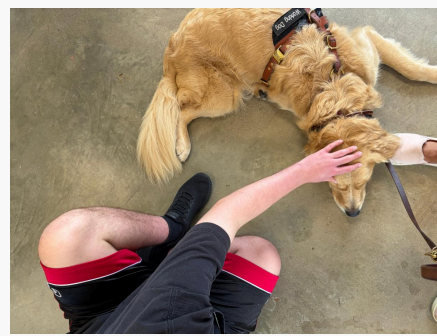

We continue praying for those impacted by the Louisiana floods and stand ready to respond when He calls.

Please continue to pray for God to prepare us and send us out.

Serving in Our Community

Comfort has no boundaries. Whether in our community, alongside our friends with autism, or with seniors in retirement communities, we're always ready to share a smile, a listening ear, and a little love.

Support our ongoing mission!

Support the Comfort Pups Program

Every time Dunkin visits a child, disaster survivor, first responder, senior adult, or someone facing a difficult day, a Comfort Pup can become a lasting reminder of hope, kindness, and love.

These special stuffed pups are more than just toys—they are tangible reminders that someone cares. Given during visits, deployments, outreach events, and moments of crisis, they often provide comfort long after the visit is over.

Will you help us place a Comfort Pup into the hands of someone who needs encouragement?

For just \$20, you can sponsor one Comfort Pup and help

deliver comfort, connection,
and hope to a hurting heart.

Your gift allows us to continue
sharing these small but
meaningful tokens of
compassion wherever we are
called to serve.

Sponsor a Comfort Pup today
and help us remind someone
they are seen, valued, and
deeply loved.
